Query String Fields

Field	Description of Acceptable Data	Required
shipmentid	Client Identifier (Customer PO Number or Reference Number) CMS Order / Shipment Number (Include Hyphens) 3 rd Party Shipment Identifiers (PRO Number or Vendor Reference)	Yes
SCACID	Carrier SCAC Code	No ¹
SALT	Account Key Issued by CMS for High Volume Requests	No ²
verification	Account Name, Consignee or Consignor	No ²

¹ The SCACID is only required if you are requesting our server to return the carrier tracking data from a 3rd Party . Example: If your shipment was not booked through CMS and you would like to utilize our EDI to retrieve a listed carrier's tracking information in a standardized format.

² If a SCACID is present the SALT field is required. If the SCACID is not present either the SALT or verification field must be present.
